

12 days of Christmas – Geoff's story

I volunteered as a trustee because I was keen to use my skills from the business world to help my local community and to try to improve society in some way. I'm really glad I did this! It's great to work on a trustee board with a wide range of skilled people and to be part of the Citizens Advice team which is making a huge difference to people's lives both locally and across the UK.
